Our Dedication

For more than 112 years, Community Trust Bank has been dedicated to helping the communities we serve grow and prosper. We dedicate our resources to help make the places where we live and work better, not only for current generations, but also for generations yet to come.
Board of Directors

Pat Steen, President

Corrections - Are you receiving duplicate copies of Candlelight? Is your name and address correct? We would appreciate it if you would let us know. Contact Community Hospice at 606-329-1890 / 800-926-6184 or via email at: hospice@chospice.org.

Community Hospice does not discriminate against any person on the basis of race, color, age, gender, gender identity, gender expression, sexual orientation, religion, national origin, marital status, military status, disability, genetics or ability to pay in admission, treatment or participation in its programs, services, activities or employment. For further information about this policy contact the Executive Director at 606-329-1890.TDD/State Relay number – Kentucky 1-800-648-6056, Ohio 1-800-750-0750.
My how quickly this year is passing. When you receive this edition of the *Candlelight* the start of summer will be just a few weeks away and the year will be almost half over. When I think back over the past few months, I am amazed at the work our staff and volunteers have accomplished and am pleased to share our endeavors in this newsletter. I hope you enjoy reading about the activities of your Community Hospice in this edition of the *Candlelight*.

During the first quarter of this year, approximately 400 patients and their families received care and services from our organization. Community Hospice continues to serve anyone in need of end-of-life care and we challenge ourselves to provide the highest quality of hospice care. Joint Commission accreditation is one way our organization works to ensure our services meet high standards of care. The Joint Commission is an independent healthcare accrediting organization that helps healthcare providers ensure safe and quality care to patients. In April, our Ohio Hospice division was surveyed for re-accreditation from the Joint Commission. I applaud our staff in Ohio for a successful survey and we are now focusing our attention on the upcoming survey of our Kentucky division later this year.

Technology plays such an important role in the delivery of healthcare today. To keep our organization’s technological capabilities up to date and to comply with governmental regulations, we are converting to a new software program. I am sure many of you have experienced a workplace software conversion and know how challenging it can be for an organization. Community Hospice staff members are working very hard to make this process as seamless as possible.

The most exciting news I have to report is the announcement of our new community-based Palliative Care Program. Community Palliative Care is a new service our organization will begin providing by early summer. Services will be provided to patients in their home by a nurse practitioner under the direction of a physician. Care will focus on symptom management and education regarding disease progression, medications and treatments. Palliative care has the same goal as hospice care in that the objective of both programs is to maximize the patient’s quality of life. The difference in hospice and palliative care is that palliative care can be provided alongside curative treatments and much earlier in the diagnosis and treatment stages. Hospice care is provided when curative treatments are no longer appropriate and life expectancy is six months or less. We are very pleased that our organization will soon be able to provide this much needed service in our community.

As the needs of our patients evolve, Community Hospice will look for opportunities to improve and expand our services to best meet those needs. We are blessed to have a community that recognizes the importance of palliative and end-of-life care. Thank you so much for your support over the years and please feel free to contact me at any time with questions or suggestions. My door is always open.

Susan Hunt
Convinced by Directors. Connie Bayes, a Relationship Manager with City National Bank in Paintsville, has been a board member for three years and is currently serving her second term.

Mrs. Bayes has worked in the banking industry her entire career and brings a wealth of knowledge in that arena to our Board. From her beginnings as a co-op student bank teller, she has served as a banking officer in personnel, trust, lending, and branch administration. Additionally, she is a board member for Paul B. Hall Medical Center; and is an active community volunteer with the Chamber of Commerce, the American Cancer Society Relay for Life, and the March of Dimes.

Connie Bayes is a graduate of many prestigious banking programs including the Kentucky Bank Management Institute Trust and Management Schools at Western Kentucky University, the Kentucky School of Banking, the Graduate School of Banking of the South at Louisiana State University, and the University of Oklahoma National Commercial Lending School.

Connie and her husband, Robert, have three adult children and four delightful grandchildren. She enjoys reading and gardening.

Thank you, Connie, for being part of the Community Hospice team! We appreciate your service.

Board of Directors Annual Meeting

At its Annual Meeting in January, the Community Hospice Board of Directors welcomed new officers and board members, while bidding others farewell.

Each having served two three-year terms, past president Tyler Walters along with Louisa native William Elkins, completed their service to the Board. We appreciate their commitment of time and talents to the mission of Community Hospice. We know they remain ready to help if needed.

New to the Board is Autumn McFann. Mrs. McFann is the Chief Financial Officer at King’s Daughters Medical Center. Joining her is Mary Kay McGinnis-Ruark. Mrs. McGinnis-Ruark is the Physician Liaison at Our Lady of Bellefonte Hospital. We welcome them knowing their background in the health care industry will be to our benefit.

The 2016 Board officers are: Pat Steen (Steen Funeral Homes), President; Michael Hobbs (McKenzie Woolery & Webb), Vice President; Jennifer Sparks (KDMC), Secretary; Jansen Fennell (Griffith, Delaney, Hillman and Co.), Treasurer; and Bruce VanHorn (Town Square Bank), Past President.

(A complete list of our board members is listed on page 1.)
Volunteer Appreciation

Each year during National Volunteer Week, we take the opportunity to acknowledge our volunteers for their selfless service to our patients, their families and our organization. During our luncheon at the Bellefonte Country Club on April 19, Community Hospice recognized 222 volunteers who gave of their time and talents last year visiting patients, greeting guests at the Care Center; providing clerical support, sewing quilts, shopping for supplies and so much more.

In addition to awards for their years of service, we also honored several special categories of volunteers. Our volunteer chaplains tend to the spiritual needs of our patients and families bringing them comfort, peace and love. Last year they made 1,494 visits with 463 patients. Our hospitality cart attendants donated 588 hours visiting at the Care Center bringing a smile, a cup of coffee, a snack, and a magazine along with words of reassurance. And our shoppers made nearly 100 trips to be sure we have needed food and supplies at the Care Center.

In total, during 2015 our volunteers drove 20,297 miles, donated 32,487 hours and made 489 quilts all in the name of Community Hospice. We cannot thank you enough for choosing us and being part of the Community Hospice team.

Community Hospice Memory Brick Walkway

$100 Contribution - Brick Inscription - 2 lines - Maximum 18 characters per line including spaces

The Memory Brick Walkway in the Sam Mansbach Memorial Gardens at the Care Center is an excellent way for you to recognize a friend, family member, neighbor or colleague while supporting the programs and services of Community Hospice.

Bricks may be purchased in memory of or in honor of anyone who is special to you and your family, not just those who have been served by hospice. This is an excellent way for you to recognize someone on their birthday, anniversary, Christmas or other special occasion. Your $100 contribution will be used to support the Care Center.

Community Hospice • 1480 Carter Avenue • Ashland, KY 41101
Community Hospice has always strived to provide the highest quality care to our patients and their families. For many years we have surveyed families after the death of their loved one to be sure we are providing the quality care that our patients and families expect, that the physicians we work with expect for their patients, and what we expect for our organization. These results are then compared to our peers around the state, as well as nationally. We have consistently had very high marks and most times exceed the national averages. It’s a statistic that makes us proud.

Community Hospice was recently recognized for this exemplary care by HEALTHCAREfirst’s Deyta Analytics with the prestigious Hospice Honors Award. The award recognizes hospices providing the highest level of quality as measured from the caregiver’s point of view. Recipients of this honor were recognized last month at the National Hospice and Palliative Care Organization’s national conference in Washington, D.C.

Award recipients were identified by evaluating hospices’ performance on a set of 24 quality indicator measures. Individual hospice performance scores were aggregated from all surveys and were compared on a question-by-question basis to a national performance score calculated from all partnering hospices contained in Deyta Analytics’ Hospice CAHPS (Consumer Assessment of Healthcare Providers and Systems) database.

Community Hospice was one of only 57 hospice organizations across the country to receive the “Elite” status Hospice Honors award. Elite hospices exceed the national scores on all CAHPS survey measures. Community Hospice was also recognized as a Hospice Honors organization in 2013.

“Community Hospice strives to provide the highest quality care to our patients,” said Susan Hunt, Executive Director. “This Hospice Honors Elite award confirms what our employees do every day, with every patient. Families welcome us into their homes and their lives during a difficult time. We are there to help make every day as good as it can be for that patient. Community Hospice is very fortunate to have a staff that is so committed to providing quality care and it is rewarding for them to receive recognition for that care.”

Community Hospice welcomed our largest class of new volunteers at the March orientation session. These nineteen new volunteers spent three days learning about hospice and meeting the training requirements set-forth by Medicare. These individuals bring a wealth of knowledge and experience to our organization. We appreciate that they have chosen Community Hospice, but the real winners are our patients and families who will benefit from their gift of time.

After five years serving as the Associate Medical Director, Dr. Brandon Webb is leaving Community Hospice. During his tenure, Dr. Webb has helped us care for hundreds of patients in the Big Sandy area. We are grateful for his commitment to our organization and our mission to provide quality end-of-life care for all those in need. Dr. Webb, we wish you all the best and we will miss you!

Replacing Dr. Webb as our new Associate Medical Director is Dr. Kristie Downs. Dr. Downs is no stranger to Community Hospice. She spent an extended amount of time with us during her residency and has also worked occasionally as our covering physician. Dr. Downs is a graduate of Thomas More College, and earned her Doctorate of Osteopathic Medicine from the Edward Via Virginia College of Osteopathic Medicine. During her residency at Our Lady of Bellefonte Hospital, Dr. Downs served as Chief Resident. She has been in family practice in Ironton for the past two years. Dr. Downs is a true hospice advocate and we welcome her to our Community Hospice family.

Also joining Community Hospice as our new Palliative Care Coordinator is Jillanna Gillum. Jillanna is a Board Certified Family Nurse Practitioner. She has extensive experience as a nurse having worked in most areas within the hospital setting. She has also served as a clinical instructor at Ashland Community and Technical College (ACTC) and Collins Career Center. Jillanna earned her nursing degree from ACTC, a Bachelor of Science in Nursing from the University of Phoenix, and a Master of Science in Nursing as a Family Nurse Practitioner from Marshall University. We are excited to welcome Jillanna as we develop our new community-based Palliative Care program.
Quality is the prescription we fill every day.

Family-operated and quality service for more than
100 Years

Providing quality service isn’t exactly news—but the fact that
we’ve been doing it for so long is. We take pride in serving our
surrounding communities. Outstanding service has always been
our number one priority…and it always will be.

STEEN FUNERAL HOMES
“Providing compassionate, affordable service since 1925”
(606) 324-4128
The Cancer Program at King’s Daughters continually strives to achieve higher and higher levels of quality, outcomes and compassion. Our program has achieved the following designations:

• Accredited by the American College of Surgeons Commission on Cancer
• Accredited by the National Accreditation Program for Breast Centers
• Our mammography services have achieved the Breast Imaging Center of Excellence designation from the American College of Radiology
• Our laboratory services are accredited by the College of Anatomic Pathologists
• Ranked No. 1 in our region for Cancer Care by CareChex

Affiliations
The cancer program at King’s Daughters is a member of the Markey Cancer Research Network at the University of Kentucky. The newly launched initiative conducts high-priority cancer research through a network of collaborative centers with expertise in the delivery of cancer care and the conduct of research studies.

As a result of the affiliation, thousands of patients across eastern Kentucky, southern Ohio and West Virginia have access to close-to-home innovative clinical research in the treatment and epidemiology of cancer and research aimed at prevention and early detection of cancer.
